DETAILED ACTION

Response to Amendment

The amendment filed on 3/3/03 has been considered. Applicant's arguments are deemed to be persuasive-in-part.

Claims 7-18 and 35-45 are pending.

The rejections under 35 U.S.C. 112, second paragraph, are withdrawn in view of applicant's amendments.

The rejection under 35 USC 103 is withdrawn in view of applicant's arguments.

Response to Arguments

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 7-10, 13-18, 35-38 and 41-45 remain/are rejected under 35 U.S.C. 102(b) as being anticipated by Baxter-Lowe et al US 5468611. The reasons for this rejection are of record in paper no. 11, mailed 8/28/02.

Applicant argues that the order in which the steps are done in the reference are different from those in the claimed invention. The claimed invention merely recites steps a, b and c. The claimed invention does not require the steps to be done in the order recited. Therefore the claimed invention as broadly interpreted reads on the reference.

Applicant also argues that “consisting essentially of “ is essentially closed language. This terminology is not defined in the specification nor is it read as closed language. As stated in the previous Action, using the terminology “consisting of” to define the peptide will overcome this rejection.

Allowable Subject Matter

Claims 11-12 and 39 and 40 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
